ABOUT KULA FOR KARMA - A SIMPLE VISION - Founder, Geri Topfer, Board President, created Kula for Karma with a simple vision of offering yoga to those among us whose spirit has been challenged by illness, abuse, neglect, addiction, and other life obstacles. Check out: www.kulaforkarma.org

ABOUT RONALD MCDONALD CAMP - Dr. Audrey Evans, having seen children with cancer withstand harsh and painful treatments, sought to create a place where they had the opportunity to laugh, have fun, and enjoy being kids. In 1986, Dr. Evans' dream was realized when the Ronald McDonald Camp was established as a special project of the Board of Directors of the Philadelphia Ronald McDonald House. Dedicated staff and volunteers worked to shape a traditional summer camp program that also met the needs of our campers. For 24 years, Ronald McDonald Camp has given children with cancer and their siblings one of the best weeks of their year. Check out: www.philarmh.org/our-programs/ronald-mcdonald-camp/
